

Better..... Than the Best...

Unique Air Express, started as an express operated rapidly establishing itself into a brand recognized for its quality service and unique multi – product offering.

Today Unique Air Express and its worldwide alliance form an extensive transportation network that spans the four corners of the world. With offices located in Pune, Mumbai, Bangalore, London, Hong Kong and having its channel partners across the world, unique air express offers customers around the world comprehensive transportation solutions that range from international express delivery, freight forwarding, logistics and warehousing to specialized services such as “Emotional bonding.”

A completely integrated information and communication technology infrastructure connects unique air express worldwide operations, enabling a seamless flow of information between unique air express and its alliance members and customers. The network is empowered by the state-of-the-art unique air express-developed tracking system that has become the backbone of unique air express's business processes.

As a solution provider unique air express invests in building knowledge workers rather than employees. Only the best and qualified people are recruited by unique air express to provide its clients with customized services. Unique air express trains its people extensively and continuously and empowers them to act as creative solution providers, providing the best quality service for their customers.

Innovation drives the daily work at unique air express. It dictates everything unique air express does to ultimately serve customers with efficiency and care. Whether by devising better ways to communicate with customers or faster ways to track their shipments, innovation leads the process. This innovation originally stems from listening to customers and addressing their needs. Small ideas and big ideas coming from all levels of the company continuously feed and are fed by this creative atmosphere. Unique air express is an environment where creativity is celebrated and rewarded.

International Express

Unique Air Express provides a global solution for moving time-sensitive documents and parcels around the world, door-to-door, within committed transit times that meet your needs and expectations. The International Express service of Unique Air Express is available every day of the week to customers worldwide together with the ability to track shipments at anytime of the day through the advanced online tracking system available at www.uaxglobal.com.

Worldwide Document Express

The extensive Unique Air Express network, short transit times and competitive shipping rates ensure door-to-door delivery of urgent documents to any destination in the world.

Worldwide Parcel Express

The most valuable objects are specially packaged and handled by Unique Air Express, taking it fast through customs to make sure it gets there on time

Cash on Delivery

Unique Air Express collects on your behalf the full value of the sold goods upon delivery. Fees, payment method and schedules are arranged with you on a case-by-case basis

Return Service

Unique Air Express offers this service for retailers who wish to include a free return service with the delivery of their goods and for customers who want to send an item to get it fixed and have the repair company return it without incurring shipping charges.

Cash Collect

Unique Air Express collects the transportation charges from the addressee at destination

Freight Forwarding

Unique Air Express has one of the most extensive air freight forwarding networks. Teams of cargo professionals provide global services and local expertise to ensure a complete and hassle-free service that includes customs clearance and delivery to the final consignee. Having transportation by air allows Unique Air Express to provide you with the most cost-effective transportation method that meets your delivery need. Our track and trace technology and our network of offices around the world allow total traceability and visibility of your shipments from the moment a job is booked till its delivery at the final destination. The multiple freight forwarding capabilities of Unique Air Express combined with its logistics, warehousing and domestic distribution capabilities allow you the ability to outsource your none-core supply chain capabilities to one company and to one delivery network.

Door-to-Door

This product is designed to offer you a complete, hassle-free transportation service from your door to the consignee's by combining forwarding, clearance and documentation.

Door-to-Airport

If you prefer to use a pre-assigned customs broker Unique Air Express can arrange pick-up from your door and provide forwarding up to the port of arrival.

Airport-to-Airport

When you purchase goods on FOB basis, Unique Air Express can take over the goods at the port of dispatch and arrange dispatch up to the port of destination.

Expedited Air

When timing is absolutely critical, Unique Air Express can provide you with a next-flight-out service where the fastest flights from airport of departure to airport of arrival will be used.

Exhibitions Handling

When participating in exhibitions or when organizing one, the local know-how and extensive worldwide network of Unique Air Express allow for effective on-time availability of your goods on the exhibition stand while meeting the local customs rules and regulations.

Special Projects

Combining its multiple freight handling services, Unique Air Express customizes a freight solution to cater to the requirements of any special project.

Logistics

Unique Air Express offers you third-party logistics services through all major logistics service centers around the globe. The state-of-the-art logistics facilities are strategically located and technologically connected, making the synergies compelling and the cost effectiveness apparent.

Order Fulfillment

Unique Air Express takes care of all back-end fulfillment operations accurately and on time including capturing orders, picking up from suppliers/warehouses whether located in one or more countries, packing and delivering to final consignee.

Warehousing

Our storage facilities are fully inclusive of efficient warehouse management, from receiving, put away, inventory management, cycle counting, order allocation, order picking, replenishment, cross docking to full information management (reporting). Moreover, the use of radio frequency and bar coding ensures efficient delivery of accurate information on inventory in real time.

Customs & Brokerage

As a licensed customs broker in various countries around the world, Unique Air Express employs its extensive experience and knowledge of local customs clearance procedures in servicing your needs.

Supplementary Services

In addition to the above, Unique Air Express offers a range of services tailored to meet your special needs and requirements, including labeling, shrink-wrapping, literature

Fulfillment, inspection/quality control, packing / cartonization, kitting / assembly and gift-wrapping.
